

ANCIENT SCIENCES AND ARCHAEOLOGICAL SOCIETY OF INDIA, MYSORE

X NATIONAL CONFERENCE ON ANCIENT SCIENCES & ARCHAEOLOGY

26th & 27th February 2018

Organised by Ancient Sciences and Archaeological Society of India &
And Acharya Nagarjuna University, Guntur

Background and objectives:

The aim of the above Conference is to bring together scholars including the younger generation engaged in original researches and who have made contributions in their own fields. The avowed aim of the conference is to highlight the original discoveries and researches on the thrust areas like Archaeology, Epigraphy, History, Culture, Art, Architecture, Iconography, Numismatics, Ancient Mathematics, Physical, Biological and Metallurgical Sciences of the ancient period, Ancient Economics, Commerce, Computer analysis of ancient data, Sciences in Indian languages, literature, Scientific compendiums, History and Philosophy of Science, Onomastics, etc. In order to provide a large canvass of ancient and traditional sciences in comparison with recent scientific discoveries, this conference has been planned. The Vedas and ancient scriptures of our country form a treasure house of various scientific systems. The time has dawned to explore science from Vedic literature, aspects of Indian scientific Heritage, Science and technology shrouded in Itihasas, Puranas, Smritis, Sutras, Samhitas, Dharmasastras, etc. The theme of this National Conference is to establish a synergy between various sciences and Vedas, Archaeology and its allied disciplines for the welfare of humanity at large. The conference will provide an opportunity for interactive discussion with experts on research in the areas of ancient sciences, Vedic literature and Archaeology.
